COURSE DESCRIPTION

The Diploma in Safety & Health Management is a one-year program that builds professional competence in workplace health and safety. It develops learners' ability to help organisations make sensible, proportionate decisions to manage risk, protect people, meet business objectives and comply with regulatory requirements. Designed around the needs of the modern workplace, it is thorough yet achievable for working professionals.

Students study the essentials of management, foundations in health and safety, health and safety management systems, occupational health and hazards, safety and legislation, and communication. Health and safety is a fast-growing career across manufacturing, construction, oil and gas, logistics and other industries in India, the Middle East and Europe, and graduates are prepared for roles such as safety officer, HSE supervisor, safety inspector and EHS coordinator.
