

DIPLOMA IN ELECTRONICS ENGINEERING

Duration : Regular (1 Year)
Fast Track Available

Course Description

The Diploma in Electronics Engineering at Aster Academy gives learners a solid, practical foundation in how electronic circuits and systems are designed, operated and maintained. The programme covers the fundamentals of electronic engineering, analog and digital circuits, signals and systems, communication technologies, and antenna & microwave engineering. Delivered through our flexible online learning ecosystem, the one-year course is built by industry experts and aligned with international standards, so working professionals can upskill without pausing their careers. Graduates are prepared for roles in maintenance & servicing, production and quality control, research assistance and technical sales across private and government sectors in India and abroad.
