

DIPLOMA IN WELDING TECHNOLOGY

Duration : Regular (1 Year)
Fast Track Available

Course Description

The Diploma in Welding Technology at Aster Academy builds the practical knowledge and skills needed for a career in modern fabrication and welding. Learners start with the fundamentals of welding metallurgy and the classification of welding processes and joints, then move on to shielded metal arc welding (including 6G positions), tungsten inert gas (TIG) welding, steel, electric and pipe welding, and engineering drawing. The course also covers brazing, soldering and adhesive bonding, how solidification and cracking occur in welds, and safe working practices. Designed by industry experts and delivered through our flexible online learning ecosystem, it prepares learners for roles in construction, shipbuilding, oil & gas, manufacturing and fabrication industries in India and abroad.

Eligibility: 10th Pass

Work Experience: 1 Year

- Online learning & online exams
- Industry-designed curriculum
- Aligned with international standards

ABOUT US

Aster Academy is an international business school dedicated to delivering excellence in management & Technical education. With strong online learning ecosystem, we offer short-term, diploma, advanced Diploma, Graduate & Post Graduate programs designed for students, entrepreneurs, and working professionals. Our courses are designed by industry experts, aligned with international standards, and focused on practical skills that ensure employability and business growth.

Our Subjects

- Shielded Metal Arc Welding (6G)
- Tungsten Inert Gas (TIG) Welding
- Engineering Drawing
- Steel Welding and Safety
- Electric and Pipe Welding
- Communication Skills

Exam & Duration

Online Exam: 2 hours/paper

Total Fees For Indian Residents : Rs. 29,500*

*Terms and conditions apply
