COURSE DESCRIPTION

The Bachelor Program in Arts – History at Aster Academy is an undergraduate programme in the humanities and social sciences that traces how human civilisation evolved, from prehistoric times to the present day. Learners gain insight into historic events, practices, cultures, languages and art, and study the major milestones of both Indian and world history.

Over three years, the programme moves from ancient and medieval India and the history of Europe to the emergence of the modern world, the world wars, India's struggle for freedom and the formation of Kerala's society and culture. Learners also examine the forces that drive civilisations forward, including power, religion, economy and culture, and the ideas of capitalism, colonialism and national consciousness.

Delivered through our flexible online learning ecosystem, with a fast-track option, the programme builds research, analytical and communication skills valued in teaching, civil services, journalism, heritage and archives, tourism and further postgraduate study.
