Regular (3 Years)
Fast Track Available

WORK EXPERIENCE
3 Years

The right & deemed fit students will be provided with 100% placement assistance

Course Description

The B.Com – Bachelor Program in Commerce (Finance) is a three-year undergraduate degree that opens up the world of finance, banking and financial markets. It gives learners a strong foundation in accounting, law, taxation and business, and then builds specialist knowledge in how companies raise, invest and manage money.

Across the programme, learners study business communication and law, quantitative techniques and statistics, managerial accounting, international finance, tax law, mergers and acquisitions, working capital and capital budgeting, corporate finance, auditing and risk management. The emphasis is on practical understanding that learners can apply to real financial decisions.

The degree also provides a sound base for further study, such as an M.Com in Finance, Auditing or Taxation, and for professional finance qualifications.

Career Opportunities

Financial / Risk / Security Analyst

Cash & Credit Manager

Money Market Dealer

Financial Planning Associate

Personal Finance Consultant

Auditor / Investment Manager

Graduates find opportunities in banks, credit organisations, insurance, consultancies, economic consulting and government services.

About Us

Aster Academy offers career-focused professional diplomas and certification programmes for students and working professionals. Our courses combine flexible online learning with online examinations, supported by faculty and academic mentors who guide learners from enrolment through to certification.

Every programme is designed around the skills employers look for, so our learners finish ready to grow in their current role or step confidently into a new one.
