Graduation or Above

WORK EXPERIENCE
2 Years

- Online learning & online exams
- Industry-designed curriculum
- Aligned with international standards

Designed for working professionals ready to step into senior leadership.

COURSE DESCRIPTION

The Executive Masters in Business Administration (EMBA) at Aster Academy is built for experienced professionals who want to upgrade their knowledge and understanding of business and the market while continuing to work. Unlike a conventional MBA, it does not require demanding entrance exams, making it a practical, low-stress route to a master's-level qualification.

Over two years, learners study the principles of management, financial accounting, managerial economics, organisational behaviour and business communication, then business ethics & corporate governance, research methodology, human resource and marketing management, general management, and a specialization of their choice.

Networking is central to the EMBA experience. Learners work within a smaller cohort of fellow professionals, and the formal and informal connections they build are valuable throughout their careers. Delivered through our flexible online learning ecosystem, with a fast-track option.
