COURSE DESCRIPTION

The Advanced Diploma in Business Administration is a two-year program that develops the critical, analytical and creative thinking needed to solve real business problems. It builds a strong foundation in the core areas of management, including principles of management, business law, operations, human resources, managerial economics and business communication, and then moves on to strategic, marketing and financial management.

In the second year, students also study management information systems and business ethics and corporate governance, and choose a specialization that matches their career goals. Designed for working professionals, the program strengthens practical management, self-learning and teamwork skills, preparing graduates for supervisory and managerial roles across industries. It also provides a solid base for further studies in business and management.
